- Experienced in backend frameworks: **Springboot**, **Django Rest Framework**.
- Experienced in front-end web frameworks: **React JS**, **Angular**, **Vue.js**.
- Experience working on the cloud: **AWS**, **Azure**, and **Digital Ocean**.
- Proficient in both **Linux** and **Windows Server** work environments.

Related Work Experience

Intern/Associate Software Engineer – Avantrio (Pvt) Ltd. – Colombo, Sri Lanka *Aug 2020 – June 2023*

- Worked as a **full-stack developer** specializing in healthcare, catering for over 15,000 patients in the United Kingdom with over 20 doctors and specialists onboard.
- Played a crucial role in developing the **backend** for an electronic prescription portal and is one of the few legal entities to issue electronic prescriptions within the United Kingdom in collaboration with the National Health Service (NHS).
- Developed the **backend** for scheduled reporting and alerts for patients, doctors, and admins, which needs to be precise and accurate as it contains health data and other business-related information.
- Achieved a customer boost, a 60% increase in consultations, and a 50% increase in revenue monthly during and after the pandemic season, with almost 1000 consultations each month.
- **Streamlined pipelines** and **cloud** environments for reliable delivery of products to end customers via Amazon Web Services (**AWS**).

Volunteer Experience

Team Lead – Cutting Edge, Informatics Institute of Technology (IIT), Sri Lanka *2019 & 2022*

- Led a team of 10 catering to over 100 high school students.
- Prepared and tested over 100 algorithms and codes in the Hackerrank platform for the competition.
- Ensured that all volunteers were up-to-date and in sync with the work.

Treasurer – Institution of Engineering and Technology (IET), Sri Lanka *Oct 2019 – Aug 2020*

- Founding IET on-campus Informatics Institute of Technology (IIT) executive committee member.
- Handled finances of the IET club at the Informatics Institute of Technology (IIT).
- Organized significant events such as Google Hash-code and Google Study Jams.
- Delivered workshops on up-and-coming technology trends and industry adaptations in Universities across Sri Lanka.

WordPress developer – support4schools, Sri Lanka *Sept 2019 – Dec 2019*

- Volunteered as the developer for the support4schools website, which caters to the needs of rural schools.
- As a result, increased transparency resulted in donations from around the world catering to over 50 rural schools in Sri Lanka.
- Handled updates and changes for the website parallel to future works.

Treasurer/Volunteer – Institute of Electrical and Electronics Engineer (IEEE) *Sept 2018 – Aug 2021*

- Managed finances of International IEEE events such as Youth Endeavors for Social Innovation Using Sustainable Technology (YESIST) for Sri Lanka in 2019.
- Organized events such as IEEEExtreme, which is a worldwide 24-hour hackathon.
- Runners-up on-campus IEEEExtreme 13.0 in the year 2019.

Volunteer – Rotaract Club, Informatics Institute of Technology (IIT), Sri Lanka *Sept 2018 – May 2020*

- Organized major events on campus, mainly focusing on the logistics areas of events.
- Actively took part in over 3 fundraising and beach cleanups.
